COMPONENTES

CAJAS DE REGISTRO

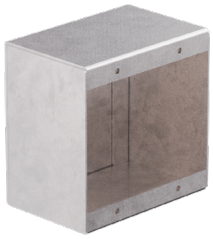

- Las cajas eléctricas de acero para registro se utilizan para montar dispositivos eléctricos en la pared.
- Los Gangs son los espacios disponibles que tenemos de manera horizontal para montar accesorios eléctricos.
- La cantidad de Gangs (G) define cuántos dispositivos eléctricos podemos instalar en una placa. Cada Gang te permite instalar un accesorio:

1 Gang = 1 Accesorio

1 GANG

2 GANGS

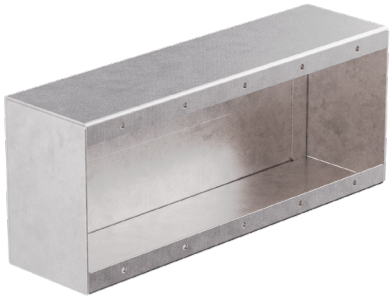

3 GANGS
